

BarnOne BTF1-09 Special

BTF1-09-Special has exactly the same technical specifications you find on a [BTF1-01 frame](#).

3rd party cards can be placed in top floor!

For special requests please contact your Barnfind team. sales@digitalglue.com

We can house different cards from other manufacturer like e.g. Dektec in the area above our main card (the one with 16 x SFP). Depending on size of the 3rd party card we can house 1-4 different cards like e.g.:

- IP-4xASI
- 4xASI-IP
- L-Band
- Multiviewer
- DVB-Gateways with seamless switch
